# CHAMPAGNE

Champagne should be enjoyed at all times, not only for special occasions, but the final word should be left to Madame Lily Bollinger, head of the Champagne House, who, when asked by the Daily Mail in 1961, 'how she enjoyed drinking Champagne?' replied. I drink it when I'm happy and when I'm sad. Sometimes I drink it when I'm alone, when I have company, I consider it obligatory. I trifle with it if I'm not hungry and drink it when I am. Otherwise I never touch it - unless I'm thirsty.' Enough said!

## Dom Perignon Oenothèque

Dom Perignon vintages are only released after seven years of ageing. A small portion of each vintage is kept on the lees even longer, to continue the evolution and magnify its natural qualities. As the wines age they move through significant stages of development. The effervescence of youth gradually gives way over the years to a mellow richness, which allows lovely complex and diverse flavours to emerge. We are delighted to offer our guests the opportunity to experience each of the three levels of maturity.

- |           |  |                  |
|-----------|--|------------------|
| <b>25</b> | <b>Dom Perignon Oenothèque 1996</b>  | <b>£410.00</b>   |
|           | The summer of '96 was changeable, however the spells of hot weather prevailed over the limited rainfall in the run up to the harvest, which started on the 16 <sup>th</sup> of September. The '96 is displaying lovely aromas of citrus fruits and dried figs. The initial attack of vibrant fruit is followed by a rich, assertive palate, which lingers long in the memory.  |                  |
| <b>26</b> | <b>Dom Perignon Oenothèque 1993</b>  | <b>£290.00</b>   |
|           | '93 was an early flowering vintage with a summer remarkable for the amount of sunshine and drought conditions that lasted until the harvest in early September. The herby aromas on the nose give way to lovely notes of candied grapefruit and cinnamon. The palate has superb balance of intense fruit and creamy acidity.   |                  |
| <b>27</b> | <b>Dom Perignon Oenothèque 1966</b>  | <b>£905.00</b>   |
|           | Despite early frosts, flowering of the vines was excellent in '66', very hot in June and despite a cold snap in August, fine weather preceded the vintage on the 22nd September with an excellent quality crop. The bouquet reveals roasted peaty notes leading to aromas of dried apricots, fresh almonds and orange blossom. The palate is delightful, smooth herbaceous flavours flowing into a long and surprisingly sharp, fruity finish. |                  |
| <b>28</b> | <b>Dom Perignon Oenothèque 1971</b>  | <b>£975.00</b>   |
|           | Early summer in 1971, was stormy, the weather, however improved markedly in August and harvest began on the 18th September. This wine has now attained the third level of its maturity and development. The bouquet is intense and complex. Lovely fruit notes merge with toasted spicy elements. The palate is remarkably fresh, structured, full and powerful - full of vigour with nuances of smoked wood and peppery vanilla.              |                  |
| <b>29</b> | <b>Dom Perignon Oenothèque 1975</b>  | <b>£1,145.00</b> |
|           | A cold spring in '75 resulted in a late bud break, but flowering took place in near perfect conditions. Good summer weather preceded a superb harvest on the 29th of September. The bouquet of this '75 vintage has lovely notes of grapefruit with flowery honey and toasted hazelnuts. These aromas flow onto the palate and complement the complex fruit and delicate acidic balance.   |                  |

|-----------|---|----------------|
| <b>13</b> | <b>Moët et Chandon Grande Vintage 2003</b><br>"This is an extraordinary wine of an insolent vitality. It offers from the very first encounter all round pleasure that is completely seductive - splendidly free, tremendously assertive - spirited and mischievous". | <b>16</b> | <b>Dom Perignon 2004</b><br>The 2004 vintage leaves its mark on the history of Dom Perignon for its ease and generosity. On the nose, aromas of almond and powdered cocoa develop gradually into white fruit with hints of dried flowers. Classic toasted notes give a rounded finish and denote a fully realized maturity. On the palate, the wine instantly traces an astoundingly fine line between density and weightlessness. Its precision is extreme, tactile, dark and chiselled. The full taste lingers with the utmost elegance on a sappy, spicy note. | <b>£185.00</b> |
| <b>17</b> | <b>Laurent-Perrier 2004</b><br>Winemaker Alain Terrier has produced an elegant and rich Champagne.  | <b>£135.00</b> |

## BURGUNDY

Say Burgundy and most people think of the famous wines of the Côte de Nuits and Côte de Beaune, but Burgundy stretches from Chablis in the North (close to the Aube vineyards of Champagne) down to Beaujolais in the South (close to the Rhone Valley).

Burgundy still produces the world's greatest Chardonnay and Pinot Noir wines and the only Gamay wines ever to achieve classic status. However it has been debased in recent years by a growing number of lacklustre wines that rely solely on the reputation of the famous Burgundian names, which their producers choose to sell low quality wines at high prices. Therefore 'caveat emptor' applies, buyers would be best advised to seek out the genuinely talented and skilled winemakers such as Etienne Sauzet, Francois Mestre of Michelot, Roger Luquet, Pierre Morey of Domaine Leflaive and Philippe Testut in Chablis.

## BORDEAUX

Bordeaux is an area of almost perfect viticultural situation on the west coast of France and benefits from the ultimate marketing tool – a châteaux based classification system, that was invented almost 150 years ago. Bordeaux is the largest source of quality wine in the world, with 7000 châteaux and domaines, producing over 44 million cases of wine a year.

Recent developments in Bordeaux have had a major impact on wine selection in three ways:-

1. During the 1980's, 'Second wines' of the finest estates became fashionable because they offer an insight to the delights of the main wines at a fraction of their cost. We have featured a number of such wines in our list.
2. Green harvesting is a process of culling immature bunches of grapes in mid season, thereby allowing the remaining bunches to flourish and produce a higher quality crop.
3. From 1994 estates began to pick grapes at harvest on the basis of tannin ripeness, as well as sugar content etc. Unfortunately unripe tannins never hydrorise (absorb into the wine) and not only affect the pleasure of the taste, but take years to fall out of the wine, as sediment. So this change has produced forward drinking wines whose fruit, and not tannin, dominates the taste.

**RED WINES****BORDEAUX****St. Emilion****300 Château Moulin de Mallet 2014, St Emilion £33.50**

This super little château situated on the plateau of Pujol, a rocky outcrop overlooking the Dordogne and facing the slopes of St Emilion. Owned and run by Serge Couderc and his son Julien who manage the estate, following “lutte raisonnée” principles, they always look to take low yields hence the intensity of concentrated fruits.

**301 Château Corbin, Montagne/St Emilion £47.50**

One of the oldest properties in Montagne, this château produces a stunningly fruity wine from 80% Merlot and 20% Cabernet Sauvignon.

**302 Château Jean Fagouet, Grand Cru St Emilion £58.00**

The 2009 Chateau Jean Voisin “Fagouet” is a Merlot-based cuvee that includes a significant dollop of Cab Franc. Crafted by Pierre Chassagnoux’s granddaughter, Laurence, it is the delicious result of great attention to the grapevines and tender, loving care in the cellar — practices that have been in place now for nearly 60 years.

**303 Château Capet Duverger, Grand Cru St Emilion £72.00**

Owned by Michel Duverger, former longstanding president of the co-op, who had been the driving force to improve the overall quality of the Château estates belonging to the Union, Château Capet Duverger is one of the examples of this success story with its classic Saint Emilion Grand Cru style. This wine has good, ripe structure with mouth-filling spicy fruit and fine length. Lovely plummy fruit is backed by fine tannins making for a deliciously juicy wine.

**304 Château Clocher, Pomerol £125.00**

Wine writer Tom Stevenson believes this is one of the most undervalued Pomerols. Aged in new and one year old casks, this wine is medium to full bodied with bags of plump, ripe fruit, a supple structure, intriguing vanilla undertones, and plenty of finesse.

**Medoc****305 Château Tour St. Bonnet Cru Bourgeois £75.00**

Plantings are 45% Merlot, 45% Cabernet Sauvignon, 5% Petit Verdot and 5% Malbec with an average age of 35 years. Jacques Merlet, the estate manager prefers to age the wines for 18 months in large oak foudres. A perennial favourite, the 2005 is quite plump on the palate and has gobs of chewy red fruit and very smooth tannins. This wine is absolutely delicious!

**RED WINES****BORDEAUX** (CONTD):**Margaux****307 Château d'Angludet 2011 £91.50**

Owned by Peter Sichel of the star performing Château Palmer. It is matured in wood for 12 months with up to 1/3 new oak. Medium to full bodied with excellent fruit, finesse and finish. Classic Margaux.

**306 Alter Ego Château Palmer 2000 £290.00**

From the colour, the vintage divulges its secrets: garnet-coloured with a deep garnet edge. As the curtain opens, a rich aromatic palate seduces: beginning with jammy, black fruits followed closely by spices, bright tobacco, leather, mocha, moss and subtle traces of truffle. An explosion of perfectly ripe fruit supported by a silky set of tannins and lovely freshness.

**St. Estèphe****377 Château Cos d'Estournel 1985, 2ème Cru (Limited Stock) £415.00**

Across the street from Medoc giant Lafite-Rothschild, Chateau Cos d'Estournel stands up well to its famous neighbour. The winery dates back to 1810, when Louis Gaspard d'Estournel christened the site and began producing wine. He expanded his business as far as India and became known as 'The Maharaja of St. Estephe'. Eventually, however, debt would catch up to him and he would have to sell his property. Through the ages the vineyard has passed through numerous hands, now belonging to Michel Reybier. 60% Cabernet Sauvignon, 40% Merlot aged in 100% new oak

At the peak of its power now, with The Wine Advocate rating the wine 93/100 upon release saying: "Fabulously scented bouquet of concentrated red cherries and black fruit (especially black cherries). It is rich and lush, long and medium to full bodied".

**378 Château Montrose 1982, 2ème Cru (Limited Stock) £525.00**

Chateau Montrose is one of the leading wine properties of St. Estephe, and produces some of the longest-lived wines in the Medoc. Montrose had been owned by Jean-Louis Charmolue from 1962 until 2006, when it was sold to Martin and Olivier Bouygues, owner of the eponymously named construction firm Bouygues, is located in the east of the appellation, just north of the hamlet of Marbuzet, on a gravel knoll only 800 metres from the Gironde estuary. The proximity of the estuary ensures a microclimate that protects against frost, and the vines, which lie on deep clay-gravel soils, benefit from a south-easterly aspect. 65% Cabernet Sauvignon 25% Merlot 10% Cabernet Franc matured in oak barriques (30% new) for 18 months.

Intense aromas of kirsch, currant and spice follow through to a full-bodied palate, with round, velvety tannins and a long, long finish. This is complex, changing on the nose and palate. Layered and structured. Will still improve for many years to come.
